

Index

Design Criteria

Engineering Submissions

- 1.0 First Submission Requirements
- 2.0 Second and Subsequent Submission Requirements
- 3.0 All Engineering Plans
- 4.0 General Plan of Services
- 5.0 Lot Grading Plans
- 6.0 Storm Drainage Area Plan
- 7.0 Plan and Profiles
- 8.0 Utility Coordination Plan
- 9.0 Traffic Signage and Pavement Marking Plan
- 10.0 Erosion & Sediment Control Plan
- 11.0 Construction Management Plan
- 12.0 Final Engineering Submission
- 13.0 Inspections and As-constructed Record Drawings

Roads

- 1.0 General Provisions
- 2.0 Geometric Design
- 3.0 Concrete Curb and Gutter
- 4.0 Pedestrian Corridors
- 5.0 Driveways
- 6.0 Boulevards
- 7.0 Cul-de-sacs
- 8.0 Maintenance Access Roads

Storm Sewers and Appurtenances

- 1.0 General Provisions
- 2.0 Sewer Design
- 3.0 Maintenance Holes
- 4.0 Catchbasins
- 5.0 Storm Service Connections
- 6.0 Orifice Tubes
- 7.0 Major Overland Flow and Surface Ponding
- 8.0 Easements

Lot Grading

- 1.0 General Provisions
- 2.0 Front Yards
- 3.0 Residential Driveways
- 4.0 Side Yards
- 5.0 Rear Yards
- 6.0 Drainage Swales
- 7.0 Retaining Walls

Infill Lot Grading Plans and Individual Lot Grading Plans

Standard Drawings

Series	Title
100	Maintenance Holes
200	Catchbasins
300	Headwall & Outfall Grating
400	Bedding & Restoration
500	Storm Sewer Design
600	Curb & Sidewalk
700	Geometric Design Details
800	Sign, Fencing & Erosion Control Details
900	Mailbox Locations
1000	Stormwater Management
1100	Landscaping
1200	Streetlighting

Appendices

Appendix A	Fill & Topsoil Disturbance By-law 6060/02
Appendix B	Standard Erosion and Sediment Control Notes
Appendix C	Fence By-law 6943/09
Appendix D	Noise By-law 6834/08
Appendix E	Tree Protection By-law 6108/03
Appendix F	Boulevard Tree Planting Program Standards
Appendix G	Toronto & Region Conservation Authority Planting Guideline
Appendix H	Sample Lot Grading Certificate
Appendix I	Sample Lot Grading Design Schemes
Appendix J	Fire Services Development Design Guidelines
