Ethnic Origins

Ethnic Origin refers to the ethnic or cultural origins of the person’s ancestors. An ancestor is usually more distant than a grandparent. Respondents may select up to six ethnic origins.

A person may have a single ethnic origin, or may have multiple ethnicities based on a respondent’s perception of their ethnic ancestry.

Immigrant Population

31,115 immigrant population

Immigrants By Period of Immigration

Non-Immigrant refers to a person who is a Canadian citizen by birth.

Immigrant refers to a person who is, or who has ever been, a landed immigrant or a permanent resident. Such person has been granted the right to live in Canada permanently by immigration authorities. Immigrants who have obtained Canadian citizenship by naturalization are included in this category.

Non-Permanent Resident refers to a person from another country who has a work or study permit or who is a refugee claimant, and their family members sharing the same permit and living in Canada with them.

Education

25%

Bachelor degree or above

Highest level of education (aged 15 years+ in private households)

Household Income

\$99,708

Median total household income

Distribution of Median Household Income

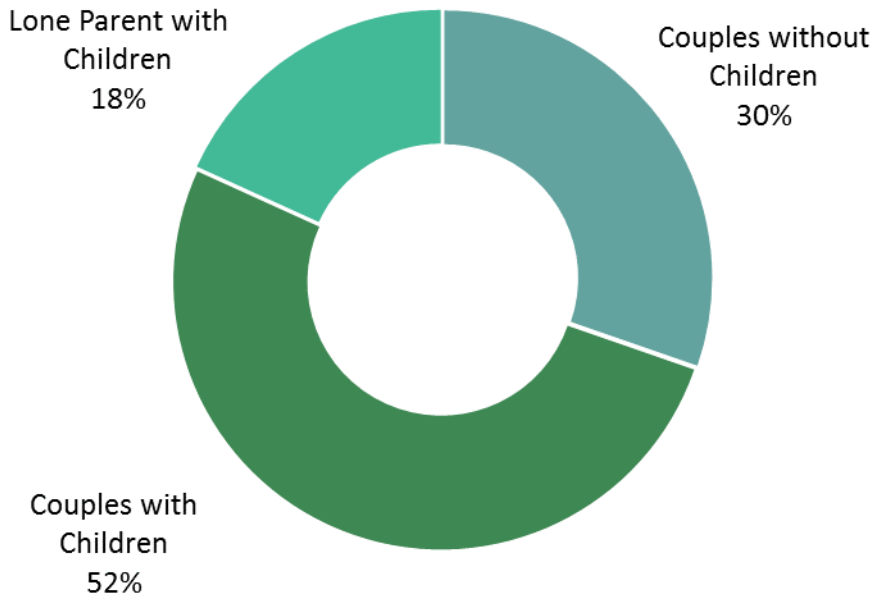

Median Household Income refers to the income level earned by a household where half of all households earn more and half earn less.

Families

Marital Status

Census Family Type

Census Family refers to a married couple and the children (if any) of either and/or both spouses, of any marital status living in the same dwelling of the child/children. Grandchildren living with their grandparent(s) but with no parents also constitute a census family.

Dwelling Units

30,895

Occupied Private Dwellings

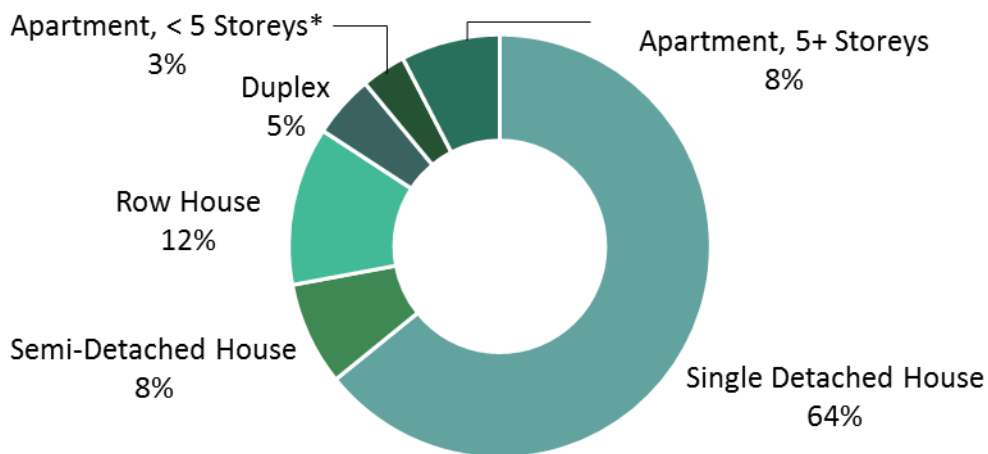

61% Single Detached

Dwellings by Structural Type
