

Notes

1. Personal information on this form is collected and retained under the authority of the *Municipal Freedom of Information and Protection of Privacy Act*.
2. Variances are identified through a zoning review completed as part of a Building Permit Application, Preliminary Zoning Review Application, or *Planning Act* Applications such as Application for Site Plan Approval, Draft Plan of Subdivision/Condominium Application, or Part Lot Control Request. It is strongly recommended that if required, building permit or site plan applications be filed prior to filing a minor variance application. A Preliminary Zoning Review is a requirement for complete application for Minor Variance, if the proposed development does not require either a building permit or site plan approval.
3. Submit this application form to the Secretary-Treasurer of the Committee of Adjustment, Pickering City Development Department, One The Esplanade, Pickering, ON L1V 6K7.
4. To obtain the City of Pickering's Minor Variance Application and Preliminary Zoning Review fees view the [Schedule of Application Fees and Information Price List](#). All fees are to be made payable to the City of Pickering upon submission of the application.

If comments are required by a Conservation Authority or the Region of Durham Health Department they are subject to an [additional fee](#).

5. Submission of this application constitutes tacit consent for the authorization of City of Pickering staff, or their representatives, to inspect the subject lands or premises, and to carry out any inspections, tests and investigations as may be required.
6. Studies submitted with an application will be available to the public for review and may be reproduced for public use.

Additional Fees

1. The City, on behalf of the Toronto and Region Conservation Authority (TRCA), may collect an application fee, if the subject property is located in an area in which the Conservation Authority will have an interest (i.e., if the property is located in proximity to a watercourse, shoreline, flood plain, stream valley, or wetland). The [TRCA Administrative Fee Schedule](#) (if applicable).

The City, on behalf of Central Lake Ontario Conservation Authority (CLOCA), may collect a screening fee, if the subject property is located in an area in which the Conservation Authority will have an interest. The [CLOCA Fee Schedule](#) (if applicable).

2. The City, on behalf of the [Region of Durham Health Department](#), may collect a fee to cover a review process to ensure that all changes in use on properties serviced by a private sewage system and well are reviewed, to ensure compliance with Division B – Part 8 of the Ontario Building Code and Pertinent Local By-laws.
3. At the time of submission of the application, City Development staff will advise you if the preliminary fees for either the Conservation Authority or the Region of Durham Health Department are required. Cheques should be made payable to the appropriate Conservation Authority or to the Region of Durham Health Department.

Plans and Elevation Requirements

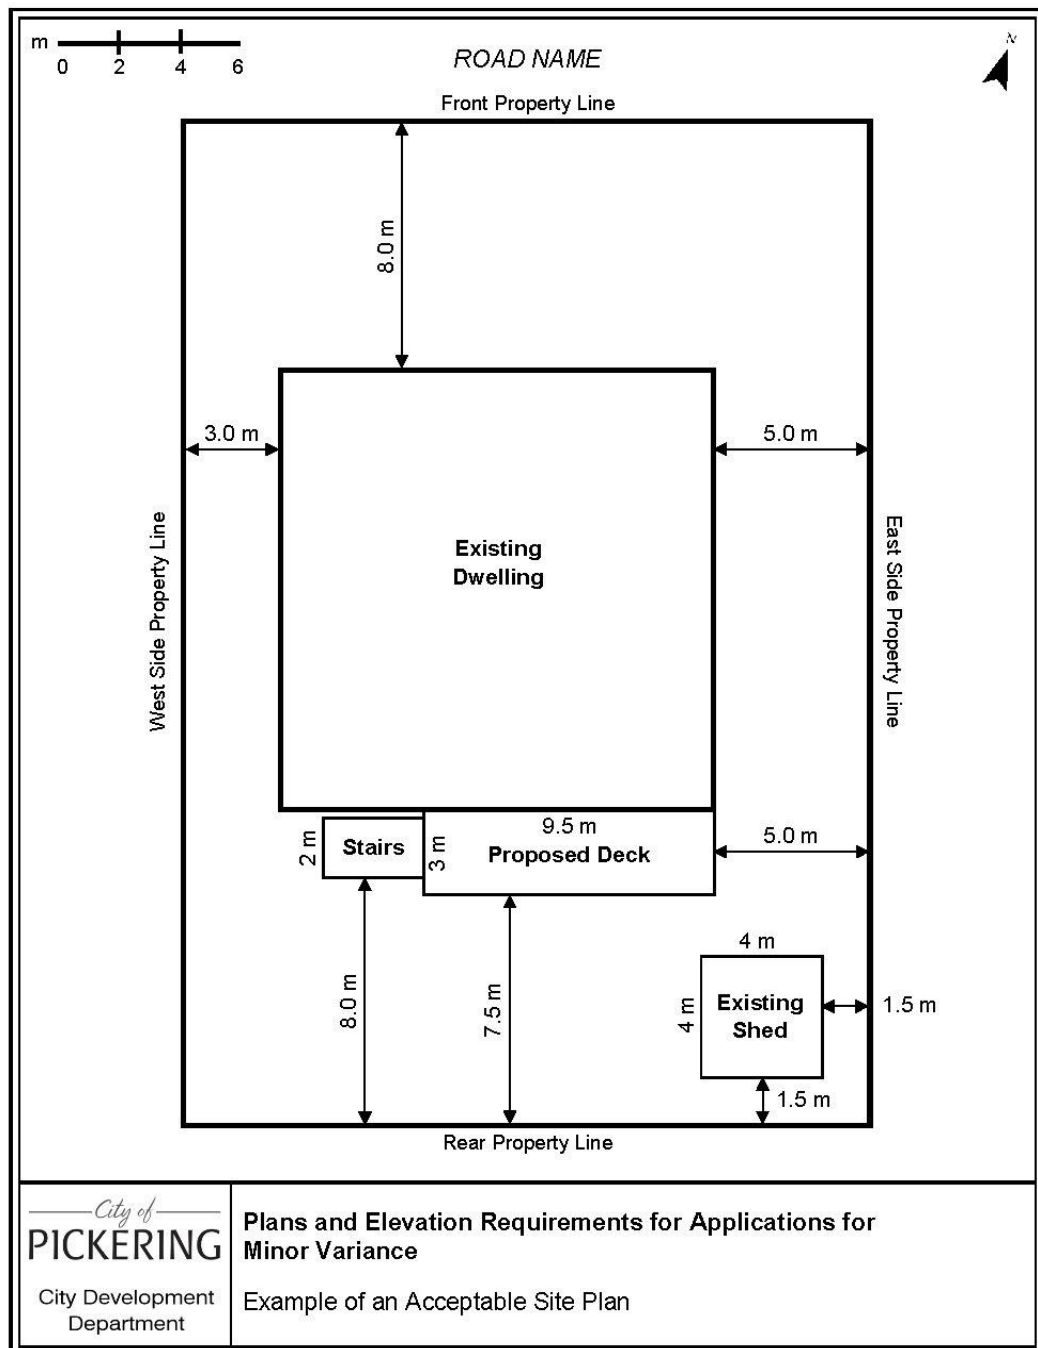

1. Purpose of the Submitted Plan

All applications for Minor Variance require the submission of drawings showing the details of the property and the requested variances. Notices will include the applicant's submitted drawings and will be sent out to all property owners within a 65 metre radius of the subject property. The submitted plan is intended to assist City staff, Committee of Adjustment members, and neighbours in understanding the proposal. A good plan will help move the application process forward in a timely manner. Staff will hold and not schedule applications for a hearing where the drawings are incomplete or missing.

2. Drawing Requirements

All submitted plans are to be drawn to scale and show the following (refer to example site plan):

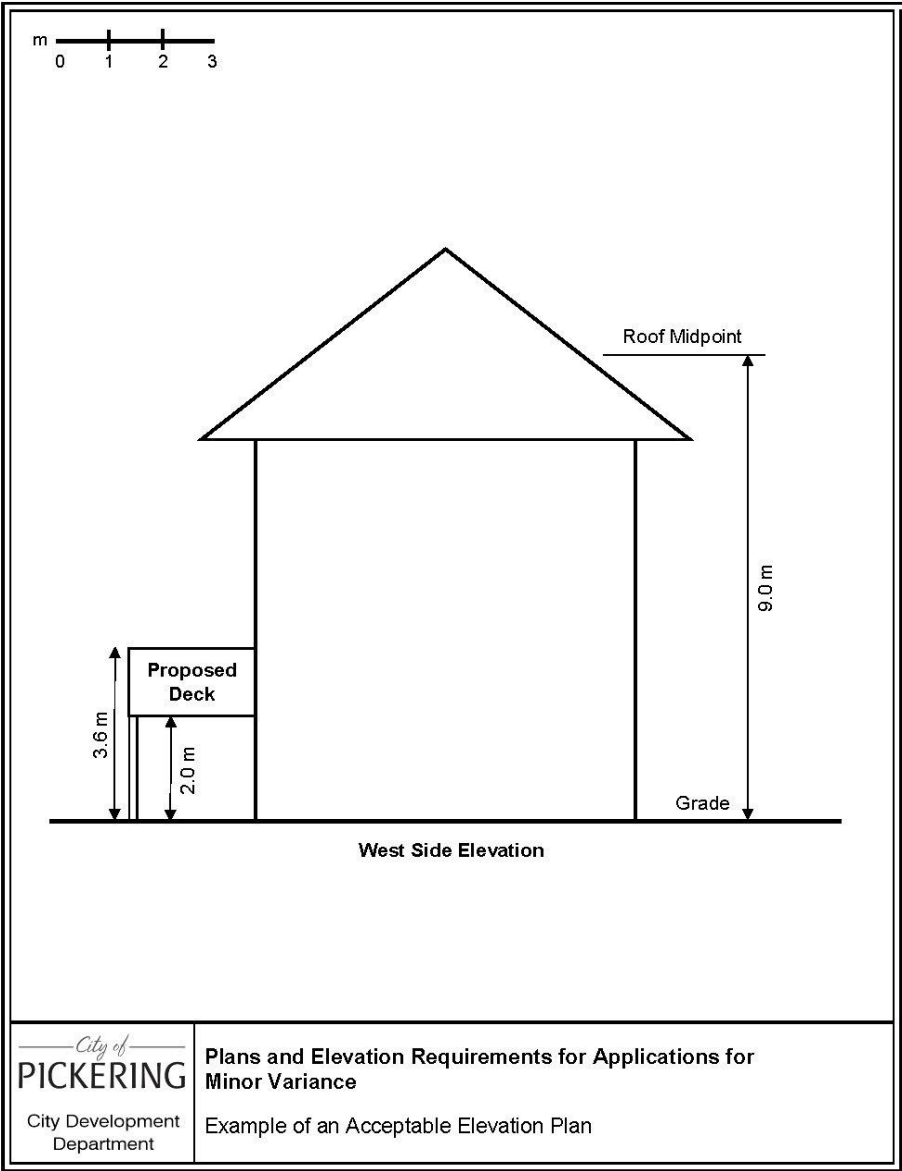

- the property boundaries and dimensions of the subject lands
- all existing and proposed structures on the property and their size
- the distance between all existing/proposed structures and the property lines, measured at the shortest distance
- all measurements related to the requested variances
- a north arrow and scale, and
- any additional details requested by City staff

Elevation plans will be required for all new dwellings, major additions, variances pertaining to height, or when otherwise requested by City staff. Elevation plans are to show the following (refer to example elevation):

- architectural details, if available
- height of all buildings measured from grade to the mid-point of the roof
- height of balconies and other structures, and
- the direction of the view shown in the elevation (e.g., “view from west side of house”)

Please note: **all measurements are to be provided in metres only.**

3. What not to Submit

While all drawings should show the details of the variances and important features on the site, drawings should not be difficult to understand. Unless required by City staff, do not include the following information:

- contours of elevations points;
- underground electrical or water features (e.g. hydro lines, sewer pipes, etc.);
- unnecessary measurements;
- imperial units; and
- survey directions or legal descriptions.

General Information

Procedure

1. This form will not be accepted as an application until all questions have been answered and all requirements have been met. If the application form is not complete (or surveys, drawings missing), the application may not be scheduled for the next Committee hearing, and scheduling will be delayed until the information is received.
2. The completed application form is submitted to the City Development Department. Notification summarizing the application, date, time and place of the Committee of Adjustment hearing is sent to various government agencies and departments. Notice is also sent to the owner, agent (if applicable) and all property owners within 65 metres of the subject property for their information and comments in support of or objection to the requested variance(s).

The applicant is required to post a sign, supplied by the City Development Department, at least 10 days prior to the meeting date. Failure to do so may result in the application not being heard by the Committee on the scheduled hearing date.

3. A report is prepared by staff, which includes any comments received, for the Committee members and applicant. The Monday prior to the meeting the staff report will be emailed or is available for pick up at the City Development Department.
4. The Committee of Adjustment meets to hear applications approximately once a month (a yearly meeting schedule is adopted by the Committee each year). The applicant or someone representing the applicant is required to attend the hearing.
5. Please note that a member of staff from the City Development Department or a Committee of Adjustment member (or both; together or separately) may attend at the property in question to complete a site inspection. Please also be aware that photographs may be taken of the subject property. Note that Committee of Adjustment members are not to engage in discussion with applicants, residents and neighbours about the proposal outside of the Committee of Adjustment Hearing.

6. The Committee will render its decision at the hearing or at a later date only upon deferral or tabling of the application. From the date of the decision there is a 20 day period during which the Committee's decision may be appealed to the Ontario Land Tribunal.
7. If no appeal is lodged within 20 days, the Committee's decision becomes final and binding.

Timing

1. Under normal circumstances, approximately 8 to 10 weeks from the date of application may be required before the decision of the Committee becomes final.

Appeals

1. The applicant, the Minister of Municipal Affairs and Housing or a specified person or public body, as defined by the *Planning Act*, may appeal the Decision of the Committee to the Ontario Land Tribunal as provided in Section 45, Subsection 12, of the *Planning Act*, R.S.O. 1990, chapter P.13.
 - If you are thinking of appealing the Committee's decision, visit the Ontario Land Tribunal's website: <https://olt.gov.on.ca/appeals-process/forms/>.

If you have any questions, please do not hesitate to contact the City Development Department at 905.420.4617 or 905.683.2760.
