PICKERING

Our Program

Put your outdoor know-how to the test! This quest challenges youth to complete a series of campcraft-inspired stations, like fire lays, water filtering, and trail signs, while unlocking clues to reach the final destination.

A perfect blend of fun, learning, and leadership. This program is adjustable for Girl Guides and Scouts from ages 5 - 11 years.

For other programs that may suit your unit or pack needs, check out our Education and Birthday party programs on pickeringmuseumvillage.ca
