

The City of Pickering is preparing the **City Centre Transportation Master Plan** to identify transportation needs and challenges within the City's downtown core for future intensification over a 10-year and 20-year development horizon. The study is assessing the multi-modal travel needs of the redevelopment plans, area road network operations, and transit, bicycle, and pedestrian networks to identify future transportation infrastructure needs. The assessment incorporates new and planned development within the study area (see below), including but not limited to, the comprehensive revitalization of The Shops at Pickering City Centre (formerly Pickering Town Centre) shopping mall lands.

Study Area

The study area shown in the Key Map below, generally comprises the lands bounded by Whites Road (Regional Road 38) to the west, Kingston Road (Regional Highway 2) to the north, Bayly Street (Regional Road 22) to the south, and Brock Road (Regional Road 1) to the east.

Get Involved

Public input is essential to the success of this project. You are invited to attend a Public Information Centre to learn more about the study findings to date and provide your feedback on the proposed directions for the transportation network in the City Centre area. City staff and the Consulting Team will be present to discuss the project and answer any questions. The meeting will be held on:

Date: Wednesday, April 23, 2025
Time: 5:00 pm to 8:00 pm
Location: Pickering City Hall
Main Lobby
One The Esplanade
Pickering ON L1V 6K7

If you are unable to attend, please visit the project webpage pickering.ca/cctmp to learn more about the study and provide feedback on the proposed directions. If you require any further information, please contact:
